Polio "Shots" Start

Too Old to Judge, Township CC Says

Claiming they are "too old to go 'round taking girls' measurements," directors of the Washington Township Chamber of Commerce this week passed the buck to the Junior Chamber on organizing a beauty contest here.

Request for Township participation came from the State Fair. Regional beauties will vie July 4 at the County Fair at Pleasanton for the honor of representing Alameda County at Sacramento. The winner will be chosen state beauty queen.

"Let the Junior Chamber handle it," was Monday night's local consensus.

All Township Grammar Schools in Tests; Parents Must Approve

With all Township elementary schools taking part, polio-vaccine "shots" will start here next Wednesday.

The tests will take place May 5 and 6, May 12 and 13, and June 9 and 10. Some 1500 pupils in first, second and third grades are eligible. Those given parental permission will receive three injections of the famed Salk vaccine, which it is hoped will ward off the dread disease.

'QUAKE RATTLES TOWNSHIP BUT NO DAMAGE SEEN

A brief rolling earthquake shook Washington Township—as well as much of coastal northern California—last Sunday afternoon, but no damage was reported here.

Sheriff's officers on duty in Centerville said they received dozens of telephone calls inquiring about the "quake," which took place at 1:33 p. m.

Watsonville suffered extensive damage in the quake, but locally only Mrs. Byrde Duffey of Overacker Avenue said a crack appeared in the plaster in one of her rooms.

FINISH FREEWAY: TOWNSHIP C. OF C.

Completion of the Eastshore Freeway was assigned top priority at Monday's session of the Washington Township Chamber of Commerce.

According to a report from Stuart Nixon, Niles director, Hayward and Oakland Chambers of Commerce are anxious to have the last 14 miles between Hayward and Warm Springs finished as soon as possible. Nixon said he was so informed by County Engineer Wallace Boggs.

Nixon was directed to head a three-man group to contact the neighbor cities, and to press completion before the Alameda County Highway Advisory Committee, which Boggs heads. This committee generally has the final word with State Highway Commissioners on how funds allocated to this county shall be spent.

WORK STARTS ON NEW NILES SCHOOL

Ground-clearing operations started Monday for Niles' new Vallejo Mills School, located east of Ellsworth Orchard.

Supt. E. Dixon Bristow reported success in clearing up technicalities with the State Finance Department, and added that the contractor began uprooting trees on the 10-acre site shortly thereafter.

Under the district-state agreement, the district will put up \$92,000 in bond money voted last June, and the state will furnish the balance of \$166,000.

Members Wanted

Renewed emphasis on membership was stressed Monday at a meeting of the reorganized Township Chamber of Commerce.

Bruce Michael tendered his resignation as chairman of a membership committee, and President Manuel Hidalgo said he will seek another chairman. Michael will continue to serve on the committee.

"What are we going to give them to get them to join?" asked Robert Furrer, Centerville member.

It was voted to spend some of the \$150 per month the chamber draws from county advertising funds to produce pamphlets advertising Washington Township's industrial potential.

Named to a committee to report on the brochures were A. A. DeMello, Dan Irwin and Stuart Nixon.

Newark Firemen's Ball Is May 1

Irvington firemen will hold their eighteenth annual ball Saturday, May 1, at the Newark Pavilion. Music will be furnished by Henry Ponciano and his Jive Bombers. Public is invited. Door prizes will be given.

PLAYERS—"Man Who Came to Dinner" is Washington Hi senior play slated for presentation May 6 and 7, and above are four seniors who will take major roles. Left to right are Valeria Correa, Centerville; Bob Hird, Niles; Bette Lewis, Newark; and Larry Stewart, Irvington. (WTN Photo)

SPELLERS—Sheryl Gray of Centerville (left) coaches Jackie Santos of Warm Springs for finals of county spelling-bee held last Friday in Oakland. Both girls were among five finalists from southern Alameda County. Livermore miss was adjudged winner. (WTN Photo)

Tear Down Warehouse, Garin Told

The H. P. Garin Company was under orders from the Board of Supervisors today to demolish its abandoned warehouse near the SP tracks in Centerville, or face abatement action.

CD Sirens in Place, but Not Wired Yet

Civil Defense sirens were installed in Washington Township but weren't hooked up in time to blast during Monday's test.

Baine Leask, civil defense chairman, reported Tuesday at the Niles Chamber of Commerce that all five sirens are in place, but that alarm equipment has still to be placed in local firehouses.

Thus, Leask explained, only firehouse sirens wailed Monday.

SCHOOL CANDIDATES

Trustee Races in Decoto, Newark, Niles, Irvington, WUHS; Vote May 21

Contests for school trustee jobs were assured last week in four local elementary districts and at Washington Union High.

County-wide balloting for school trustees will take place May 21.

At the same time, voters in

Washington Township will be asked to approve a 50-cent tax increase for the high school district, upping the present 75-cent levy to \$1.25. This, school officials say, is necessary to care for greatly increased enrollment.

Voting for the high school trusteeship to be vacated by E. A. Quaresma are Frank Borghi Jr., Decoto, and Dr. E. M. Grimmer Jr., Niles.

In Decoto, William S. Davis, incumbent, is opposed by James E. Swartz. Filing for two additional board posts—which Decoto voters must decide they want before they can be filled—are five candidates: Charles O. Plummer, Joseph L. Seane Jr., Carlos H. Villescaz, Irving A. Williams and C. J. Denny Zablosky.

Newark also has a contest for the two additional jobs: Candidates are Buford J. Barks, Raymond Bernardo, Louis Caldeira, Lillian E. Kettman and Willard H. Walker. Unopposed is Samuel G. Scott, incumbent, in Irvington.

Irvington shapes up as a battle for all three trusteeships. Raymond S. Bass has filed against Incumbent Alfred Peixoto; while in the running for the two new jobs are Marvin L. Coker, Ted Garcia, Allan R. Hirsch, William F. Humpert Jr. and Frank J. Mayer.

In Niles, John Cattaneo has a clear field for re-election, but the two new seats are sought by Mrs. Florence G. Buehler, John M. Baker, Donald G. Bragg and Louis J. Manuel.

Centerville's incumbent, Allan Walton, has no opposition, and neither do the two men who filed for the additional positions: Arthur A. Belshaw and James R. Meyer.

KOREA CLOTHING DRIVE OPENS SAT.

Appealing for clothes to help war-shattered Koreans, the local Rotary Club today prepared to launch a Township-wide drive May 1—next Saturday.

The service club is co-operating with the American Friends Service Committee, which will clean, sort and bale the clothing for shipment overseas.

In turn, local elementary schools are co-operating with the drive, and children will bring clothes, blankets, shoes, etc., to class next week for pickup by the Rotarians.

People without children, who want to contribute are urged by Chairman E. C. Parks to phone Niles 8951 between the hours of 9 a. m. and 5:30 p. m., between May 1 and May 8. Trucks will pick up the articles at their homes.

Principals of Township grammar schools and student representatives were guests of the Rotarians last Thursday at a kick-off luncheon in the International Kitchen.

They heard Russell Jorgensen of the American Friends Service Committee, describe the need for clothing in prostrate Korea. Said he:

"We all have usable clothing we don't need. It might save a life in Korea."

His group will handle distribution of the items overseas. Following Jorgensen's address, members of the club contributed nearly three-quarters of a ton of usable clothing, according to Parks, stacking it in a truck donated by Harold Faria.

Kitty Sammon Named Social Editor

Appointment of Kitty Sammon of Newark as social editor of Washington Township Newspapers, Inc., was announced today by George H. Oakes, publisher.

Mrs. Sammon, an experienced newspaperwoman who is active in civic affairs, will receive news about personal happenings, club, activities and youth groups at her home, telephone Newark 3-3509.

Readers in general, as well as publicity chairmen are urged to contact Mrs. Sammon no later than the Monday prior to publication to assure that their news will be printed.

Mrs. Sammon's efforts will be directed to improving coverage of women's and youth affairs. Most of her articles will appear in the popular section "Around the Township."

Kindergarten Signup

Kindergarten registration will be held at the Niles Elementary School on May 12 from 9 a. m. to 3:30 p. m., according to E. Dixon Bristow, superintendent.

Children must be 4 years and 9 months of age as of Sept. 1, 1954. Parents are asked to bring proof of birthdate, such as birth certificates or baptismal records.

Held for Burglaries

Two women and four men suspected of burglarizing a half dozen motel homes here were ordered to face trial in Superior Court when they appeared last Friday before Judge E. A. Quaresma.

The suspects, all from Oakland, are: Lloyd Baker, 58; his wife, Edna, 48; their son, Lloyd Jr., 29; Mrs. Natalie Paul, 45; Robert Cornwall, 28, and Junior Forrester, 24. All were arrested early this month by Sheriff's deputies who recovered a quantity of loot in the Bakers' home.

25TH WEDDING CELEBRATED
Surprised but happy were Mr. and Mrs. Frank Serpa of the County Line when more than 60 of their friends from the neighboring towns, San Jose, and from far and wide gathered at their home on Saturday to help them celebrate their 25th wedding anniversary.

Their son Frank Serpa Jr. presented his mother with a beautiful orchid, while their friends presented them with a beautiful silver set. Games were played by all, and the men being on the losing side were asked to serve their lady of their choosing, of course their wives.

The mock wedding was officiated by Emily Garcia, who was dressed for the occasion. Eleanor Currey of San Jose was the bride and Mary Borge of Irvington the groom. Madeline Silveria acted as the bride's mother. The bride was dressed in the early twenties costume.

Refreshments consisting of stuffed rolls, salad, and the traditional cake and coffee were served.

The party was planned by their good friend, Mae Avila, who with the help of a few of her friends and Frank Serpa Jr. son of the happy couple, were able to make the evening a great pleasure for all present.

Many happy returns of the day.
GET WELL WISHES

Hope Jackie Sarmento is feeling better after having a tonsilectomy. It only meant eating more ice cream, didn't it Jackie.

And now my get well wish reaches out to you, from your Friend Irma.

With Parents

Mrs. Ward Carmichael, with infant daughter Virginia Lee, is spending a month with her parents, Mr. and Mrs. Gene Hulse, Newark, while her husband, Staff Sergeant Ward Carmichael is attending school at Stewart Air Base, Tennessee.

Daughter Visits

Mr. and Mrs. John Faria of Centerville have been entertaining their daughter, Mrs. George Talbert and her little girl, Beverly, of San Luis Obispo, who arrived Sunday for a short visit.

San Francisco's Cow Palace is the largest structure of its type in the world.

IRVINGTON

By CAROL KIEP

CONGRATULATIONS! It's a girl for Mr. and Mrs. Gabino Hernandez of Mission Street, Linda Virginia was born April 20th, weighed 7 lbs. 9 ozs. This is the fourth child and fourth daughter for the Hernandez family.

MRS. H. WEILHEIMER and Mrs. E. H. Hirsch were guests of Mrs. Belle Houston in San Francisco Monday.

MRS. LOIS LEACH spent Monday in San Leandro with Mr. and Mrs. E. H. Davies.

GUS ROBERTSON, Earl Fields and Jim Heller took a group of Scouts fishing on the river near Newman over the week end.

MR. AND MRS. MITCH ROMLEY and Dorothy spent Saturday with Mr. and Mrs. Al Blase and Diana.

EVERYONE at the Irvington School from the administration office to the youngest student should take a bow—one of the construction workers on the addition to the school remarked on the excellent behavior of the Irvington school children. They have never disturbed the construction or the construction material on the new addition. That is a compliment.

Mr. and Mrs. CHAS. DEVORE visited friends in Hayward Saturday and Sunday — Mr. and Mrs. Charles Devore and Mrs. Eva Devore of Vaughn, Washington were dinner guests of the Carl Mortimers in Santa Cruz. Mrs. Eva Devore is Charles' mother and is visiting.

ADELINE DUTRA

TOWN TID-BITS

By PAT BINDER

Cook of the Week is Adeline Dutra of Newark.

Adeline, a native of California, combines the careers of house-keeping and assisting husband A. R. "Flick" Dutra in his business, the Newark Electric.

This busy woman is always well groomed and attractive and is well known for her good taste in clothes.

Despite recent illness Adeline takes time to prepare a tasty and attractive meal. One of her specialties is "chicken romana."

Recipe for chicken romana:
1 frying chicken, quartered
Seasoned flour
1-3 cup salad oil
2 tablespoons butter or margarine

1 tablespoon rosemary
½ clove garlic, minced
1½ teaspoons salt
Pepper to taste
½ cup dry white wine
1 teaspoon white vinegar
½ cup giblet broth.

Dredge chicken with seasoned flour; cook slowly in oil and butter or margarine until lightly browned. Add rosemary, garlic, salt and pepper to taste. Continue cooking until chicken is golden brown. Add wine, vinegar and broth from giblets. Cover; bake in moderate oven, 350 degrees Fahrenheit, until tender (about 30 minutes). Makes four servings.

Chicken dinner menu:
Chilled cranberry juice cocktail
Chicken romana
Butter broccoli - whipped potatoes
Tossed green salad
Coconut cream pie

'Living Desert' Coming to Center Theater

Walt Disney's masterpiece, "The Living Desert," is coming to the Center Theater next Sunday for a brief run.

Naturalist-cameramen from the Disney Studios worked for months photographing the shy desert creatures to make this Academy-Award film.

Highlights of the picture include a duel between a wasp and a tarantula, a rough-house party staged by a band of rats, the mating dance of two scorpions, and the hilarious antics of a pack of ground squirrels.

So educational and entertaining is "The Living Desert" that Theater Manager Russ Osborn has arranged for local schools to view it at special showings during Monday, Tuesday and Wednesday.

"The Living Desert" ends with scenes of a flash flood, first turning the California wasteland into a tumult of destruction, then into a carpet of flowers as the waters recede.

First Aberdeen Angus cattle in the United States were imported in 1873.

JEFF VOORHEES BIRTHDAY.
Jeff Voorhees, son of Mr. and Mrs. Clyde Voorhees of Mt. Vernon Avenue, celebrated his seventh birthday with a party held at his home after school. The little guests went by school bus and were transported home after the party by Mr. and Mrs. Voorhees. The youngsters enjoyed the afternoon very much.

ANOTHER BIRTHDAY—Billy Nordvik, son of the Karl Nordviks of Oak Street, celebrated his seventh birthday on Friday with an after school party. Twelve schoolmates made up the guest list. An afternoon of games and prizes awarded was enjoyed by all. The traditional birthday cake and other refreshments were served and enjoyed.

FAMILY BIRTHDAY PARTY—A "Sopa feed" was enjoyed at the home of Mr. and Mrs. John Novo in honor of Mrs. Novo's birthday. Guests were Mr. and Mrs. Ray Soreza and Mr. and Mrs. Paul Mognaga and daughter.

MISSION SAN JOSE

By TEDDY PEREIRA

SURE SORRY—Troy Bill to learn you received such a badly crushed hand and hope you get well soon. Tough on you too, being the active man that you are. Good luck Troy.

AND—Say Mrs. Mamie Callahan, what's this we are hearing about you down in bed and so ill? We just cannot believe it, but understand quiet and plenty of rest will prove beneficial to you.

AT LEAST—We can rejoice that Octavia Young is feeling a heck of a lot better than she has been. Keep it up Octavia.

ALSO NICE—To learn Marvin Lofton is home for good from the S. P. hospital and doing nicely—only has to report every two weeks for a checkup.

A DOUBLE '28'—Greeted Leo Dennie April 28th. He celebrated his 28th birthday. Many more happy ones to you.

WHY SHOULD I—Wait till a week passes to wish myself a happy birthday, since Saturday, May Day, is mine. Happy birthday, Teddy. Thank you. You know that day is the only day I don't resent being half blind, because I can't see myself in the mirror, which registers one's age.

NOT FORGETTING YOU—Virginia Feliciano winning the first prize of \$8.00 for catching the first salmon on your recent deep sea fishing trip off Golden Gate.

HOW NICE—It was having Mr. and Mrs. James Thompson and son Carl pay us a visit over the weekend. The Thompsons are so contented where they are employed at a private school for handicapped children in the Santa Cruz mountains.

MAN—What cakes, pies and salads The Mothers Club sold Saturday at their food sale. Seems the word spread and everyone you ran into was carrying away the above articles. Sure was a success.

WHILE—On the subject of food, did you ever seen such a beautiful wedding cake as the Dennies received? Where from? It's time you know Harold Millard, our local bakery, can take an order for anything you

HUMPTY DUMPTY VISITS—Parents of members of the Humpty Dumpty Play School gathered Saturday for a "progressive" dinner, one course being served at each home. Participating parents decorated their porches with a replica of Humpty Dumpty. Shown above are (left to right) Randy Leal, Steven Hoy, Gregg Melvin, Chris Drouin, Mrs. Paul Melvin (standing) and Mrs. G. W. Hoy putting the finishing touches on Humpty Dumpty. Mrs. Don Plummer of Niles was chairman. The play school is operated under the Adult Education Program and nursery classes are held in the cottage at the Centerville Episcopal Church. (Foster Photo)

Scout Paper Drive Is Saturday, Sunday

Boy Scout troops in the township will collect paper on Saturday and Sunday.

The 20-30 Club has arranged to have two trucks at the L. nad V store in Centerville all weekend, so anyone who has paper not picked up yet by the Scouts can bring it to the collection depot in Centerville.

A Scout troop of the donor's choice will be given credit.

take up definite California residence.

WHOOPS!—What a darling bouncing baby girl entered into the elated Robertson family Sunday. Think of it—10 pounds. Congratulations.

A SPAGHETTI DINNER—With Vilma and Estelle and Clarence Telles as guests of Mervin and Barbara Santos, was thoroughly enjoyed Saturday night. The couples later attended the Spring Dance at the I.D.E.S. Hall.

AND—That Spring Dance was one which will be well remembered, an excellent attendance, with everyone so friendly and cooperative in making it the success it was.

NO SPILT MILK HERE—So why cry over not going to Reno. Elva—just look at the loot Pete brought home to you. Pete Brayevech, Angie Dutra of Mission accompanied Helen Ferreira, Mamie De Valle and Louise Quadros of Newark for a pleasant outing in Reno.

PRETTY NICE—Having a cabin by the sea, to run down to anytime as did Mr. and Mrs. Al Harvey and Linda, Mrs. Helen Santos, and Douglas Steele of Mission, also Mrs. Mary Dutra and Mrs. Ed Feliciano of Irvington. Later on Pete, Elva and Carol Brayevech, Kim, Verna and Macey McBride of Mission, plus Angie, Erlane and Donna Sabino of Centerville. What a time they had.

THOUGH—We are always glad to have new neighbors we also hate to lose our old ones, as the McCandless family have returned to Missouri, having sold their Cedar Street home to Mr. and Mrs. Scott of Hayward. When the McCandless family have disposed of their Missouri property they hope to

Washington Ekes Out 2-1 Win Over Santa Clara to Break League Ice

Two clutch singles in the sixth inning and the five-hit pitching of right-hander Bob Hird gave the Washington Hi Huskies a 2-1 victory over the Santa Clara Panthers last Friday. The win was an upset for the Huskies as the Panthers had won their first two league games.

The contest was a pitcher's duel between Hird and Santa Clara southpaw Carl O'Gwin. The Panthers touched Hird for five singles and their lone run was unearned, while O'Gwin gave up three hits, and both runs were earned. Hird struck out eight and walked four while O'Gwin fanned nine and passed three.

The Panthers scored their only run in the third on a walk and two errors. After one was out Hird passed Centerfielder Bill Taylor. Taylor then broke for second base and Catcher Ed Meneze, filling in for the injured Carl von Euw, threw the ball into centerfield. Taylor kept going to third and Frank Velarde's throw got past Third Sacker Jess Pine-da, allowing Taylor to score.

The left-handed O'Gwin had the Huskies handcuffed until the sixth frame. O'Gwin had allowed only one base hit, a first-inning single to Ed Fletcher.

Velarde opened the inning by walking, then stole second base. O'Gwin then whiffed Fletcher, but Shortstop Don Santos came through with a clutch single to center, driving in Velarde with the tying score. Santos also stole

second to put a runner in scoring position.

Pineda, making his first league start, then drove a sharp single to left, driving in Santos with the winning tally.

The Panthers threatened in the seventh as they loaded the bases with two out, but Hird bore down to retire the side.

The Mameutes go after their second win today as they play last-place Los Gatos on the Wildcat's diamond. The Cats have dropped their first three starts.

Huskies box score:

Honor Firemen in Alvarado

Alvarado's Chamber of Commerce was host last Thursday at a dinner at the grammar school in honor of the town's fire department.

Chief Elvin Rose, 18 volunteer firemen and the five commissioners were guests.

Fremont Leads in League Diamond Race

The Fremont Indians strengthened their hold on first place in the S. C. V. A. L. as they defeated the Live Oak Acorns, 13-2, last Thursday. Ken Maraldo paced the Indians at bat, collecting four hits in four trips.

The Mountain View Eagles beat the Campbell Bucs, 3-2, in eight innings for their second league win.

James Lick outlasted Los Gatos, 12-11, in a wild slugfest. The Cats committed 12 miscues.

This week's schedule:

SAN JOSE FROSH TRIM W. U. H. S., 10-4

The Washington Huskies dropped their second baseball contest to the San Jose Frosh last Tuesday, losing to the Spartans, 10-4, on the local's diamond.

Right-hander Raul Orozco went the distance in suffering his second defeat. Orozco gave up eight hits to the powerful San Joseans.

Most damaging San Jose blow came in the second stanza when State Chucker Dick Chrisco banged out a three-run homer. Ed King, former Husky performer, batted out two hits, running his safety streak to 16 games.

Don Santos paced the Huskies at bat, collecting two singles in four trips. Craig Bellati collected the only extra base blow for the locals, a double.

TRACK LOSS FOR HUSKIES VS. S. C.

Washington Hi thinclads dropped all four divisions last Friday to the Santa Clara Panthers on the winner's oval.

The Husky varsity lost an 83-39 decision, the B's, 88-83; the C's, 58-37, and the D's, 51-34.

It was the first win for the Santa Clara varsity.

Sprinter Dan Davis was the only double winner for the locals, capturing the 100 in 11.1, and the 220 in 25.5.

Half-Miler Dan Rodarte came up with his first win of the year, taking the event in 2:15.0 for Washington.

Don Cameron also came through with a first place for the Mameutes, winning the pole vault at 10 feet.

Don't throw trash from your car. Help keep our roadsides clean.

WINNERS—Irrington's entry won recent Youth Center basketball tourney here. Members of winning five are Jake Avila (52); Jerry Sanford (41); Murray Sanford (45); Willie Galan (44); and Art Anchondo (40).

Le Count Bowlers Take Loop Title

The Le Count Builders, local bowling team sponsored by Clarence Le Count, recently won the 750 Winter League title at San Lorenzo Bowl when they blasted the runner-up O'Hara Trophies three straight games the last week of the season.

Going into the last three games, the Builders were one game behind and needed two wins for a tie and three to earn the championship, and surprised by taking three straight from the O'Haras, who had won the title last year.

The local team was led by Bob Lloyd, and received consistent support from Alex Bernard, Clarence LeCount, Frank Gyax, Guy Bartel and the two alternates, Bud Patterson and Leo Bohannon.

High-point bowler for the team was Alex Bernard with 242 beating out Frank Gyax by one pin.

MAL'S LIQUORS VS. OAKLAND BRAVES

Mal's Liquors' winning streak stopped at No. 6 their last game, for they were defeated last Sunday by a score of 10 to 9 by the Oakland Braves.

Next Sunday the team will take on the Yellow Jackets at Decoto at 1:30 p.m. Sab Elizarray, who was the sticker for the day with 3 for a single, double and a home run, did a swell job. Joe Pacheco also got a home run. Short score:

Oakland Braves	10	16	4

HOLLY SUGAR PLANT STARTS

The Alvarado plant of Holly Sugar Corp. will open April 30 for a special spring "campaign" of 50 to 60 days, with a corresponding gain in employment well ahead of the usual season, according to an announcement by Nick Ratekin, plant superintendent.

The plant operates across the road from the location of the first successful beet sugar factory in the United States which began making sugar in 1870.

Employment at Alvarado will increase from an off-season total of 75 to 300 men for the "campaign."

Sugar beets will be shipped in by rail from the Imperial Valley in Southern California and it is estimated that 85,000 to 100,000 tons of beets will be processed this spring.

Sugar production will be somewhere between 260,000 and 300,000 hundred-pound bags, according to Ratekin.

During the early part of August, the plant will reopen for its regular summer and fall campaign of 120 days. In the later campaign beets grown in this section of the State will be processed.

Trout Season Opens, Saturday—Alameda Creek Has Fish

One of the best opening week ends in recent years is in store for most California trout anglers including those in Washington Township when they inaugurate the six-month-long trout season Saturday morning, May 1.

Wardens of the Department of Fish and Game make the prediction, but qualify it with reminders that late April weather can, and often does, upset even the best-informed guessers. Storms or continued warm weather will both contribute to high, unclear waters in most of the State.

Generally, the wardens' advance predictions paint a rosy picture. Central and northern state streams are in better than normal condition. For the first time in years, Alameda Creek will be open to anglers, and it is stocked with 7500 catchable-size trout.

LEGAL NOTICE

NOTICE OF TRUSTEE'S SALE

On Friday, the 21st day of May, 1954, at 11:30 o'clock A. M. at the Main or Fallon Street entrance of the new Alameda County Court House, situated on the western side of Fallon Street between 12th and 13th Streets, in the City of Oakland, County of Alameda, State of California, the undersigned, as Substituted Trustee, will sell at public auction to the highest bidder for cash in lawful money of the United States of America, the following described real property situated in the County of Alameda, State of California, and particularly described as follows, viz:

Lot 10 in Block 12, as said Lot and Block are shown on that certain Map entitled "Tract 1022 Washington Township Alameda County California," filed January 2, 1951 in Book 31 of Maps, at pages 22 to 28 inclusive, in the office of the County Recorder of said County of Alameda.

EXCEPTING THEREFROM: ALL oil, hydrocarbons, gas and other associated substances and minerals, conveyed by Deed from Middlefield Co., a corporation, to S. M. Taper and Amelia Taper his wife, dated December 23, 1950 and recorded December 29, 1950 in Book 6224 of Official Records, at page 139, in the office of the County Recorder of said County of Alameda; excluding from this exception all water rights and easements pertaining thereto, as conveyed in Deed from S. M. Taper and Amelia Taper, his wife to Barugh Estates, Inc., recorded August 20, 1951 in Book 6516 of Official Records, at page 527, in the office of the County Recorder of said County of Alameda.

Said Sale will be made to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by JOHN PERSHING COURTNEY and IRENE M. COURTNEY, his wife, to Title Insurance and Guaranty Company, a corporation, Trustee, for the benefit and security of The Prudential Insurance Company of America, a corporation, dated September 24, 1951 and recorded September 28, 1951 in Liber 6546 of Official Records, at page 243 thereof, in the office of the County Recorder of Alameda County, State of California.

C. F. McMahon, on April 19, 1954 by due appointment in writing, became and at all times thereafter has continued to be and now is the Substituted Trustee under said deed of trust to serve in the place and stead of Title Insurance and Guaranty Company, a corporation, the original Trustee thereunder. Said Substitution of Trustee was duly recorded April 19, 1954, under Serial No. AJ32030 in the office of the County Recorder of said County.

Notice of breach of said obligation and election to sell said real property was recorded in the office of the said County Recorder on the 14th day of January, 1954 in Liber 7226 of Official Records, at page 394. This notice is given in compliance with the demand of the beneficiary this day made.

Dated: April 19, 1954.
C. F. McMAHON,
Substituted Trustee.

YEAR 'ROUND GARDEN PLANTING CALENDAR

This year-around gardening calendar, indicating generally accepted planting times in the southwest and central areas of the Pacific Coast, was prepared as an aid to gardeners by the Monsanto Chemical Company, manufacturers of Krilium, the original soil conditioner, which was introduced to gardeners for the first time in 1952, and Folium, the new water-soluble fertilizer.

MARCH	APRIL	MAY	JUNE	JULY
				
ASTERS Grows 1 to 3 feet. Likes sun, semi-hardy. One of the most widely grown outdoor flowers for summer bloom. Good cut flower and filler. Sow directly in open. Temperamental, but give it rich, well-draining soil treated with soil conditioner to depth of six inches.	CHRYSANTHEMUM Grows 2 to 3 feet. Likes sun, hardy. Long lasting cut flower. Good in annual and mixed borders. Sow seeds in soil treated with conditioner to depth of six inches. Blooms two months after seeding. Needs plenty of moisture and fertilizer.	RANUNCULUS Grows 8 to 12 inches. Sun-loving, but put plant in half shade in warmer climates. Good in raised borders and beds. Plant seeds two to three inches in conditioner treated soil to insure good drainage. Do not allow soil to dry out.	DELPHINIUM Grows 2 to 5 feet. Sun-loving, hardy, free growing branching plant. Good as cut flower or border background. Sow in open, don't crowd. Treat soil before planting with conditioner such as Krilium to depth of six inches.	PRIMROSE Grows 8 to 12 inches. Half-hardy. Plant in half-shade, cool, moist location. Good for borders. Group with stock, ranunculus, daffodils. Sow seed in rich, light, moist, acid, moderately fertilized loam. Treat with conditioner to depth of three inches.
AUGUST	SEPTEMBER	OCTOBER	NOVEMBER	DECEMBER
				
SNAPDRAGONS Grows from 9 inches to 3 feet. Hardy, glossy-leaved, bedding perennial treated as annual. Good cut flower. Wide range of colors. Work soil conditioner to six-inch depth for seed plantings. Cut back good plants for second blooming.	CALENDULA Grows 1 to 2 feet. Sun-loving, hardy, most satisfactory annual. Long lasting cut flower. Planted now will stand several degrees of frost and furnish all-winter bloom. Responds best to moderately rich soil. Condition soil to depth of six inches.	VIRGINIA STOCK Grows flowers about 1/2 inch. Hardy, compact, good as border plant and as ground cover for spring bulbs. Grows in light, moderately fertilized loam. Work in soil conditioner to three-inch depth to insure necessary loose, light soil.	DAFFODILS Grows 8 to 16 inches. Likes sun, but some types will bloom in moderate shade. Good in borders or as cut flower. Ideal conditions for planting bulbs are well-drained soil and medium-heavy loam. Leave bulbs in ground 2-4 years to multiply.	ANEMONE Grows 8 to 16 inches. Sun-loving, hardy, tuberous-rooted. Good in rock gardens, as border, or cut flower. Soak bulbs an hour in water before planting. Plant one inch deep, six inches apart in light, drained loam. Treat with conditioner to depth of three inches.

JANUARY

SCABIOSA
Grows 2 1/2 to 3 feet. Likes sun, hardy. Flowers in two-inch heads, usually double on long wiry stems. Good for border use. Group with snapdragons, annual phlox. Favors well-fertilized sandy loam. Treat with soil conditioner to insure loose soil.

FEBRUARY

COREOPSIS
Grows 1 1/2 to 3 feet. Plant in sun. Hardy, wiry, vigorous. Plant with daisy-type flowers, group with dahlias. Excellent cut flower. Filler in borders. Use soil conditioner to six-inch depth as plant likes light loam, moderately fertilized.

SPRING GARDEN SHOW IN OAKLAND

"Created from the over-all theme 'Redwood Vacation Lands,' the twenty-second annual California Spring Garden Show will be one of the greatest in history," Designer-Manager Ned S. Rucker said today.

More than 125,000 visitors are anticipated for the nationally known floral extravaganza which will be held April 30 through May 7 this year in Oakland.

"We hope to capture all the magic nostalgia of our Pacific Coast's fabulous redwood forests for our main theme spectacle inside the Oakland Exposition Building," Rucker said.

Combining four big shows in one, the presentation spreads out from the Exposition Building into the Oakland Auditorium Arena and Auditorium Theater and adjacent outdoor areas to cover nearly five acres of space.

Visitors will enter the main spectacle from the east court on the recreated veranda of a modern style summer home which overhangs a 28x30-foot swimming pool.

The pool is designed to reflect the mass of color from millions of blooms extending down the axis of the 350-foot-long building to the far end where the vista terminates in a mountain waterfall.

After gushing over a man-made mountain, which stretches up to the building's rafters, the waterfall drops off into a large mountain stream which extends 120 feet out onto the floor of the building.

Eye-catching flowers featured in the scores of colorful exhibits will include orchids, rhododendrons, azaleas, cinerarias, columbine, delphinium, transvaal daisies, fuchsia, tuberous begonias, irises, calla lilies, ranunculus and many others.

Framing the entire view to transport spectators from the indoor setting into the coast's famed vacation areas will be a backdrop of giant redwood, Douglas fir, madrone, tanoak and bays, ranging in height upward to 40 feet.

Hall of flowers attractions in the auditorium arena include magnificent flower, room and table settings, commercial exhibits dedicated to "how-to-do-it" in the garden and a restaurant and snack bar operated by the Camp Fire Girls.

The Academy of Floral Arts in the Auditorium Theater fea-

Ida Lee Bue, attractive U. C. coed, is theme girl for the world-famous California Spring Garden Show that opens 8-day run at Oakland, Friday, April 30.

Traffic Control Squad

Three Washington Township men are among members of the newly formed Traffic Control Division of the Alameda County Sheriff's Reserves, Sheriff H. P. (Jack) Gleason said today.

They are Harry T. Ludemann, Patrick E. Pine and Stewart K. Wilkinson, among a group of 37 inducted into the reserves last Monday night in special dinner ceremonies at the Santa Rita Rehabilitation Center. They were sworn in by Undersheriff Leon Ader, under the captaincy of Sal N. Borges.

The group formerly constituted a California Highway Patrol Auxiliary disbanded several months ago. They will be assigned by Sheriff Gleason to emergency traffic duties.

tures programs to entertain children and a whole series of displays, lectures, motion pictures and other programs of general interest to home gardeners. The Oakland Art Gallery in the theater will also be open to show visitors.

The outdoor gardens division will display more than two dozen different garden plots illustrating superior gardening, landscaping and design. A series of garden exhibits and other features will be included in the east court also.

Bigger Loans, Easier Terms Now in Works

Home-owners will have an opportunity to borrow up to \$3,000 for periods as long as five years if legislation now before Congress to liberalize Title I property improvement loans is enacted.

Under the present Federal Housing Administration Title I program, repayment of a loan can be spread over a three-year period. The maximum that now can be borrowed is \$2,500.

The FHA does not actually lend money to home-owners; that's done by banks and other private lending institutions. What the FHA does is insure repayment. Cost of this type of loan to the home-owner is \$5 per \$100 per year.

Title I loans cover cost of material and application. For example, a property owner who wishes to reroof his house may borrow a sum sufficient to cover both the cost of asphalt shingles and their application.

Borrowing under the Title I program has become increasingly popular. Last year, for the first time in the agency's 20-year history, loans insured exceeded \$1,000,000,000. The 1953 total was \$1,334,287,124.

From the inception of the Title I program until October 1953, the FHA had insured loans totalling \$7,209,614,263. Losses, or "bad debts" are only 1 percent of loans insured, and the FHA's income from insurance premiums and interest has been adequate to cover this small loss as well as the salaries of agency personnel and other operating expenses. The agency has completely repaid all money advanced by the government in setting up the various FHA insurance programs.

Santa Ynez Mission at Solvang was founded Sept. 17, 1804.

Suit All Rooms

Wood kitchen cabinets just won't stay in the kitchen. Imaginative home-owners, in fact, are using them in every room in the house.

Evidence of the versatility of wood cabinets comes from Ponderosa Pine Woodwork, a trade association. When prospective purchasers of cabinets were asked in what part of the house they intended to use them, more than two-thirds said they had some room other than the kitchen in mind.

Thirty-two percent did say they were buying kitchen cabinets for kitchen use. But "bedrooms" was a close second among the answers, with 27 percent of the total response.

Other rooms named by those taking part in the survey were bathroom, utility room, dining area, living room, den, and attic. Among the non-kitchen uses to which the cabinets were to be put were wardrobe storage, storage space for linens, and "as room dividers." Several persons said they intended to use the wood cabinets to separate attic space into two rooms.

One of the reasons for the adaptability of wood cabinets to various purposes is that they can be installed by the homeowner himself if he wishes. Knocked-down cabinets are available for economical home assembly with ordinary household tools. Fully assembled cabinets can be obtained either painted or unfinished.

The variety of finishes to which wood is suited was given as a main reason for selecting wood kitchen cabinets for other rooms. Fifty-two percent said they preferred a natural finish. An enamel finish, in a color to fit into a room's overall decorative scheme, got 32.5 percent of the vote. Wood stain and varnish accounted for the 15.5 percent remaining. Home-owners said they liked the ease with which wood cabinets can be redecorated if the color scheme of a room is changed.

QUESTIONS, ANSWERS ON LOCAL POLIO VACCINE TESTS

The following answers to questions on the coming polio vaccination tests in Washington Township are supplied by the Alameda County Health Department:

1. What is the trial polio vaccine?

A watery solution containing killed polio virus which it is hoped will stimulate the body to produce enough antibodies in the blood to protect against paralytic polio.

2. Who will receive it?

It is hoped that thousands of school children in first, second and third grades, in selected communities across the nation can be vaccinated in April or May before the annual seasonal rise in polio cases. Half of the children will receive the trial vaccine and half receive a similar looking but ineffective solution to note the difference. No one in Alameda County will know which children receive the trial vaccine when these shots are given.

3. Why were children selected from among the first three school grades?

Because they are in an age group considered to be most susceptible to polio. There are 14,000 children in these grades in southern Alameda County.

4. Will any other children receive the trial vaccine?

No. It is available only for trial use on a "controlled" basis.

5. Why do we need "controls"?

Because this is a scientific test. Children with the same possible polio risk will be observed during a polio season to see whether there is a difference in the number of polio cases among those who were vaccinated with the virus and those who were not.

6. Why do we want to participate?

It is an opportunity for us to contribute to research which may control polio in the future. In addition, if the vaccine is effective as we believe then half of the school children vaccinated will receive some protection.

7. Who will give the trial vaccine?

Physicians from southern Alameda County will be asked to give the vaccine in co-operation with the Alameda County Health Department.

8. Where will the injections be given?

In special clinics in the schools. It is usually recommended that parents take children to their doctor for such things as diphtheria immunizations. However, because of the limited supply of polio vaccine and the steps necessary for a scientific test, only mass immunizations are possible this year.

9. How many doses will be given each child?

Three. There will be one week between the first two, and four weeks between the second and third doses.

10. Can a child in the grade that is being tested take part if he already has had polio?

Yes. There are three types of polio virus that cause the disease. Immunity to one type does not protect against the other two.

11. Will a child receive the first dose if he is absent on the designated day?

No. It is absolutely essential that all of the children who are to participate in the trial receive the first dose on the designated day.

12. What happens if a child misses school on the days that the second or third doses are given?

Arrangements will be made to give them as soon as possible after the missed dates.

13. Why are three doses necessary?

If this vaccine is effective, the first two doses start the production of antibodies, polio-fighting substances in the blood; while the third dose is a booster to raise the amount of antibodies to a high level.

14. How much trial vaccine will each child receive?

Each dose is one cc (about one-quarter of a teaspoonful), making a total of three cc's in all. The ineffective solution is given in the same amounts.

15. How is the trial vaccine given?

It is injected into the muscles in the arm in the same way as a diphtheria immunization.

16. How can parents be certain it is safe?

Before delivery to the County Health Department each lot of the trial vaccine will be tested for safety by three independent laboratories: The manufacturer's, Dr. Salk's and the Laboratory of Biologics Control of the National Institutes of Health in Washington.

17. Has the trial vaccine been used on human beings before?

Yes—on thousands in the Pittsburgh, Pa., area by Dr. Jonas Salk, who developed it under National Polio Foundation grants to the University of Pittsburgh.

18. How much will it cost to have a child take part in the trials?

The trial vaccine will be given without charge. Vaccine and equipment is furnished by the National Foundation for Infantile Paralysis.

19. Will all participating children be volunteers?

Yes. Only school children in the designated grades whose parents sign a written "request" will take part.

20. How will parents of eligible children request participation?

Request forms will be sent to parents or guardians of all boys and girls in the first, second and third grades in southern Alameda County. These forms must be signed and returned to the school.

21. How will we know if the trial vaccine has protected the children?

When all the trials have been completed, scientific teams set up to evaluate results will make a full report. Until the entire study is completed, no one can know. He will be informed of results from southern Alameda County. They will give answers only when added to results of trials elsewhere to make a large enough number of cases to draw a conclusion.

22. Will volunteer workers be needed for the vaccine trials?

Volunteer assistance from Polio Foundation Chapter and PTA will be important.

23. What will the volunteers do?

Many of the non-medical tasks connected with the program.

24. Why were certain communities selected for the vaccine trials?

Because only a limited amount of the vaccine can be made in time for the 1954 field trials and it must be used where chances for valid results seem best.

25. How were these communities selected?

Factors considered were polio incidence during the past five or six years among children in the 6 to 9 age group, size of population in each area, local health resources for the conduct of the trials, and community factors to achieve a cross-section of the whole country. In southern Alameda County there were 67 cases of polio in 1951, 79 cases in 1952 and 70 cases in 1953.

26. Will more than one community be under test at the same time?

Yes, in other states. This will be the only area in California.

27. Why is the trial vaccine being given in the spring?

Because the vaccine should

have a chance to produce antibodies before the seasonal rise in polio cases. In southern Alameda County unlike some parts of the United States, a few cases occur each month, with the largest number in October and November.

28. How will the results of the vaccine trial be arrived at?

By scientific study of polio cases, if any, reported in the children given the test vaccine as compared to those reported among children given the ineffective solution.

29. Who will make the evaluation of the tests?

An evaluation of the effectiveness of the trial vaccine will be directed by Dr. Thomas Francis Jr., chairman of the Department of Epidemiology of the University of Michigan School of Public Health. Dr. Francis, a leading authority on epidemics, has organized a staff of researchers and scientists to conduct this independent evaluation.

30. Who is making the trial vaccine?

Five pharmaceutical companies are making the trial vaccine on a non-profit basis. One is the Cutter Laboratories in Berkeley.

31. How much vaccine can be produced for the field trials?

The amount is limited by technical difficulties of production and time required for testing for potency and safety. If a large enough supply is not ready by the end of April, our plans must be delayed until next year.

32. Does the trial vaccine contain all the known polio viruses?

Yes, all three known types, treated with Formalin so that they are "killed" and unable to cause paralysis but still might stimulate the body to manufacture its own polio-fighting antibodies.

33. Why is a "killed" virus used for the trial vaccine?

Because a killed virus is safe.

34. Is a "live" virus vaccine against polio contemplated for the future?

It is expected that scientists will find one that will stimulate polio-protection quickly without danger of causing the disease.

35. Will the trial vaccine, if successful, be the final answer to polio?

No. Scientists will continue to work to improve the vaccine.

36. How does the scope of the polio vaccine trials compare with other such tests?

This same kind of test was done with school children in New York City many years ago to test the effectiveness of immunization for diphtheria. The polio test will be the largest test of its kind in medical history.

Farm Picnic Goes to Fair Grounds

Switch of the Alameda County Farm Bureau's annual picnic, held for many years at Mission San Jose's Linda Vista Park, to the county fair grounds at Pleasanton, was announced last week.

The announcement was made by Harry T. Murphy, president of the county organization, at a meeting of the Eden-Washington Farm Center. Date of the picnic will be Aug. 15.

Guest speaker at the meeting was Russell C. Horstmann, Alameda County Tax Assessor, who said the reassessment of county property would be completed in about 18 months.

Eden-Washington officers elected at the session included John, Soito of Centerville, chairman; Bruno Orsetti, vice president; Donald Spetti, secretary-treasurer, and directors, Manuel Almeida, Joe Oliver, Bruno Orsetti and Herbert Young.

Orsetti was named chairman of the committee to arrange a booth for the center at the county fair.

Coit Memorial Tower, on top of Telegraph Hill, San Francisco, is 210 feet high.

DEATH CAR DRIVER FINED, GIVEN PROBATION

A \$1000 fine and three years probation, during which she must neither drink nor drive, was given last week to Mrs. Neva Williams, 38, of 110 Clough st., Irvington, for fatally injuring a tire-changing motorist November 21 in front of the high school.

Mrs. Williams, who had pleaded guilty to drunk driving, has already settled out of court a \$10,600 civil suit filed as a result of the death of Edwin Harold Dargitz, 31, a Newark electrician.

Superior Judge Charles Wade Snook told Mrs. Williams during sentencing that she may pay the fine at the rate of \$50 monthly. Manslaughter charges against her were dropped after she entered the plea of guilty to drunk driving.

The accident occurred on Highway 17 near Centerville. Officers found Mrs. Williams sitting behind the wheel of her car after it had crashed into the rear of Dargitz's parked auto, crushing him to death.

The damage suit was filed by Dargitz's sister, Mrs. Alice May Bettencourt. It reportedly was settled for \$1650.

CAROLLING AROUND NEWARK

AROUND TOWN

MAY DAY . . . Saturday is May 1 and school children everywhere will be weaving in and out around the maypole with gaily colored streamers decorating the pole with a basket weave pattern. May day brings to mind the picture of outdoor dancing and colorful costumes, pretty girls and freshly scrubbed young boys. If you like to do the dancing yourself, Joe Reichmuth and his Swiss orchestra will be playing out at Swiss Park this Saturday night.

Greetings . . . We extend our hands in welcome to Gene Henkel as he opens the Newark Manufacturing and Sales, a wood planing mill and cabinet shop on Filbert street. It takes a brave man to sink his few bucks into a business, knowing that there are headaches, backaches and pocket-book aches mixed liberally with quantities of sweat before success and financial returns come from any business venture. George Dains, who has had years of experience in the cabinet shop field, will be superintendent of operations. Henkel expects to hire two men soon and will concentrate on tract home contracts with some custom orders accepted.

Complaint department . . . Where, oh where, does our Alameda County Water District get the lousy tasting water it has been pawning off on us lately? It might be good for beer sales, but a good swig of water is supposed to be good for our health and when it gets so bad that the water has to be doctored with stuff, we can't afford to be palatable. It is time the A. C. W. D. did something about it. There is a lot of talk on fluoridation, pro and con, but to us it seems as if we should get some good water to fluoridate first. Maybe instead of buying water from farmer's wells, Hetch Hetchy water would be a solution, provided the district could negotiate a favorable contract. Anyway the water keeps our lawns alive.

Cleanup . . . Saturday signals the end of the big clean-

up in town as the Scouts paper drive gives everyone a chance to unload all those old newspapers which have been cluttering up the garage. Already this week you should have emptied your closets of discarded clothing for the PTA salvage drive, so Saturday everything should be spic and span and Fire Chief Joe Paschote will be able to relax as he sees truck loads of "fire hazards" being hauled away. Right, Chief?

Cheers . . . To Mr. Anonymous who gave away \$25 to the Cub Scouts. Gestures such as yours deserve more than casual mention, but anyway we'll make it a capital THANKS.

Boos . . . To the people from out of state who live here, and earn their living here but send "back home" for their auto plates to save a few bucks. How about our law enforcement agencies checking up on these chiselers? According to the Department of Motor Vehicles, a non-resident may accept employment in California and continue to drive his car with valid out-of-state plates until the time for renewal, and then he must apply for California plates within 30 days.

Orchids . . . To Girl Scout Troop 76 who went to the Enos Rest Home on Easter Sunday to serenade the patients and give them tray favors. Their leader is Mrs. Judson Taylor so we'll give her an orchid bud, too. Troop 76 will have a pot-luck dinner Saturday in Hayward followed by a Court of Awards.

Patience . . . H. S. Miles, state highway engineer, speaking before the Kiwanis Club on the nineteenth said that it will be about three years before any more of the freeway will be started and at least five years before it is completed. By that time Highway 17 between Eden and Warm Springs will be choked to death and the cussin and feudin of delayed motorists will warm the ears of the State Highway Commission . . . but alas, their ears are hardened to such warming so the drivers will have to practice patience; a thing which no drivers seem to have none at all no time, no where, no how. No sir!

IT WILL SOON be Chevrolet Soap Box Derby time and if your youngster is eligible to enter, now is the time to investigate the derby rules. The annual derby is sponsored by Chevrolet dealers and they award \$15,000 in college scholarships and many other valuable prizes.

Any boy 11-15 may compete and can obtain applications and rule books from Ed Reed, derbymaster, at Don Gilmore in Hayward. The local race will be held in San Francisco on July 17 and transportation will be furnished the contestants.

The coasters must be built to rigid specifications by the contestants themselves although the coasters may be sponsored and advisory help given by an adult. Drop by Gilmore Chevrolet if you have a lad who is eligible and get the dope. It would be a wonderful experience for him to build and race his own coaster and you'll get a kick out of advising and watching.

"CROSS OVER THE BRIDGE" seems to be a popular theme song and over 5800 cars turned in to the Dumbarton Bridge channel on Easter Sunday for one of the busiest days, excluding football game traffic, the bridge has experienced.

WELL, the Knights of Pythias finally settled on a date and place for their box social. The place: Calvin Hall; the day, May 7; the time, 7 p. m., and the price of admission is free. There will be games and prizes and contests for the ugliest man and woman and that sort of stuff and bids on the boxes will be limited. Families are asked to bring an extra box for the children and everyone is invited. Buford Barks is chairman of this event which will raise money for the Knights' youth activities.

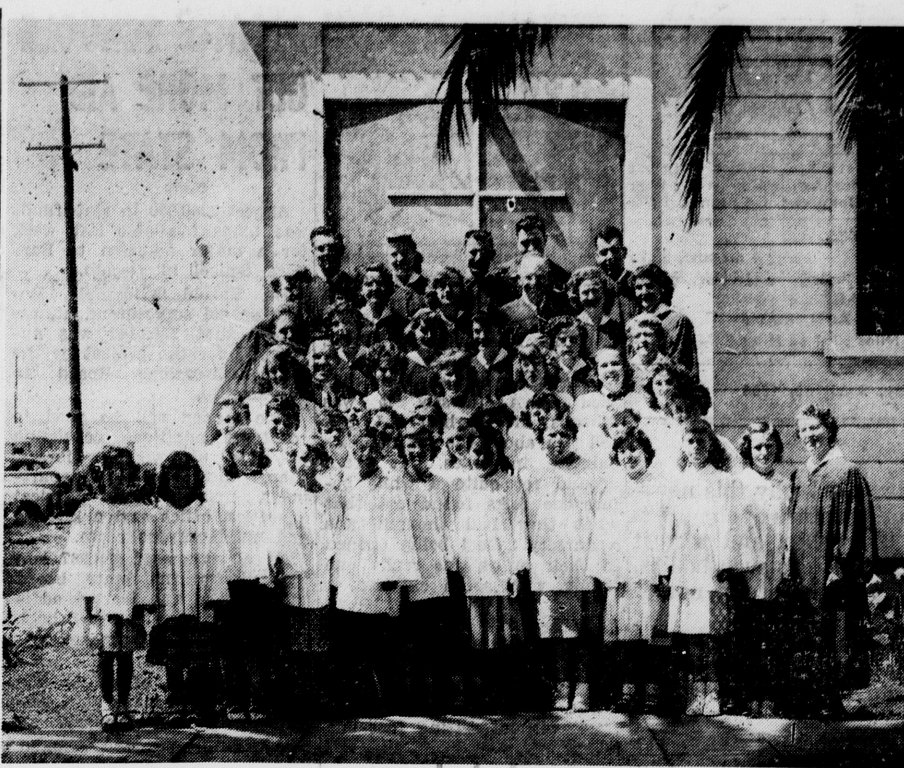

MRS. FLORENCE ROLAND of Rupert, Idaho, dropped in on Ivan and Pearl Cole for a surprise visit last Thursday afternoon. Mrs. Roland and her children, Linda and Rickey, are visiting with relatives in Walnut Creek and popped in on the Coles unexpectedly.

LAST SATURDAY night the bean, ham and linguica dinner of the Portuguese Radio Club of the Air No. 5 held at the Pavilion was a grand success, thanks to a great turnout, but especially because Claudia Mello received so much help and co-operation from her committee, and she sez . . . thanx.

WE SEE CATHY SAMMON celebrating her tenth birthday on Tuesday, the 27th, and it makes us wish we were young enough for ice cream and stuff . . . and happy birthday greetings to AGNES CROOP as she skipped merrily over another hurdle on Wednesday . . . to KAY PHIPPEN who got double figures for her age as she celebrated No. 10 on the 28th . . . to ERNEST ROSE who has had double figures for quite a while now but got a bigger number on Wednesday anyway, with treats of course . . . to DANNY CROOP who gets two big candles on his cake today, one day after mommy had, whoops—almost slipped . . . and a special great big happy birthday to TIMOTHY WOOD, who on April 30 last year came into this world weighing 3 pounds 9 ounces and started life in an incubator, here he is celebrating birthday No. 1 just as healthy and robust as any baby . . . to LEO and MARGE BOHANNON, who close out April and start May with their respective birthdays; Leo can celebrate by repairing an extra TV set for somebody and Marge, well, she has things to do, too, but together they rate a special celebration so we suggest dinner at—well leave it up to Leo . . . to BILLY VIERRA who, if he doesn't get a real birthday celebration on Friday, need only whisper in our sympathetic ears and we'll see that Pop pays off . . . to PAT BOWHEN who twirled into another year last week . . . to RANICE MAUGHAN who was 5 recently and we're sorry we forgot . . . to MICHAEL SOUSA who enjoyed his birthday last Saturday.

SMALL WORLD DEPT. Last week Alta Etchison was thrilled when Irene Springer Whitlock of Grass Valley came into her Shade Shop with a friend, 14 years of separation melted in one great big surprised "OH" as these two gals, who were pals back in Newkirk, Okla., embraced and started reharsing old times.

SEQUEL TO ABOVE Argus and Irene Whitlock of Grass Valley have been around town visiting relatives—Argus seeing his sister, June Silva, and hers; Irene visiting her brothers, Jake and Clarence Springer, and theirs. The Whitlocks have just returned from a visit to Oklahoma so they have news of other relatives.

NEWARK CHOIRS—Members of the Chancel and Junior choirs of the First Presbyterian Church, Newark, were robed in their new choir robes for the first time at the Palm Sunday service. Mrs. Esther Tonner, wife of the pastor, directs the choirs. Members of the Chancel Choir are Wylie Blacow, R. O. Grace, Carl Pierce, Floyd Seymour, LeRoy Brown, Lee Allan Jordan, Lee Tonner, Mrs. Troy Stracener, Mrs. Jerry Rader, Mrs. Carl Hersey, Rowena Harrison, Kathryn Brake, Marjorie Cotton, Connie Emmett, Alice Mae Gibson, Mrs. Neil Sheffield, Mrs. Wm. F. Willoughby, Mrs. Julia Jordan and Mrs. Fred Muller. Members of the Junior Choir are Darlene and Edwin Brake, Donna Dettmer, Michael Spence, Susan Perl, Geraldine Carpenter, Leona Bohannon, Peggy and Shirley Barks, Linda Funston, Carlene and Kay Hersey, Joan Hoover, Kathryn Holt, Judy Kline, Judy Lloyd, Janice Lewis, Shannon Lynch, Shirley Meyers, Wayne Pierce, Joe Carnes, Barbara Rittenhouse, Susan Taylor, Diane Thacker, Jaqueta Lawellan, Marsha Johnson, Roy Jensen and Mack Keene.

REV. AND MRS. Martin Tonner took a few days vacation after Easter and enjoyed a trip to King's Canyon National Park and on to Pasadena for some more relaxation and visits with friends. They did miss Rev. Tonner's uncle who happened to be in Newark to visit him at the same time. Next time they won't be so secretive about plans to visit one another.

THERE WILL be no folk dancing class tonight (open house at the school) on Friday night as there will a Cub Pack meeting at the school auditorium. The next beginners class will be Thursday, May 6, at 7 p. m. and the intermediates at 8 p. m. the same night.

MR. AND MRS. Lloyd Gree-son of San Diego enjoyed a few days visiting here with their daughter, Ann Williams, her husband, Fred, and boys, Bill and Steve.

EASTER was family day for Mr. and Mrs. Bert Martin when Mr. and Mrs. Frank Pine, Ralph and Terry; Mr. and Mrs. Anthony Pine, Toni Lynn, Mr. and Mrs. Ernest Pine, Joann and Ernie and Mrs. Helen Martin joined them for dinner. Missing from the table were two sons, Wilbert in Germany with the Army and Donald at Pearl Harbor with the Navy.

SURE NOW 'tis a wonderful vacation that's in store for Mrs. Cecelia Guider who'll be flying off on the wings of one of them magical motored birds on May 1 bound for the city of New York and a visit with her sister, Marie O'Donovan, and brother, Arthur Donovan.

WE SEE that Mr. and Mrs. Lewis Rash were surrounded

by their family on Easter, too. Mr. and Mrs. Howard Rash and children and Mr. and Mrs. Robert Leonard and sons enjoyed mom's cooking and conviviality (there's a mouthful) of family holiday dining.

THE FAMILIES of the Latter Day Saints Church held a chicken dinner fund raising event at the Hayward church last Thursday to defray part of the cost of the lot on Fremont avenue where their new church will be erected. Francis Winkle of Niles, finance chairman, was in charge of the program and arrangements.

EASTER was a busy day at the Mello home as Mr. and Mrs. Manuel Mello and daughters, Claudia and Barbara, entertained John Paive of Oakland and Mr. and Mrs. Manuel Mathies of Mountain View for dinner. Then, too, their daughter, Pearl, and hubby, LeRoy Faria, dropped around as well as many of their friends to make it a grand day.

MR. AND MRS. Joe Avila Jr. entertained Easter for the Avila clan and enjoying the day were Mr. and Mrs. Joseph Avila Sr. of Pacific Grove, Mr. and Mrs. Manuel Baptista, Jerry and Sonny of Centerville and Mr. and Mrs. Tony Esteves, Mickey, Caroline and Antoinette of Ceres. On the 25th they all gathered at Pacific Grove for a yummmy turkey dinner to help "Dad," Mr. Avila Sr., celebrate his birthday.

WE HOPE the "Chamarita" that was dedicated to Joe Lima over Polka Time the other day helped Joe feel better — it sounded good to us.

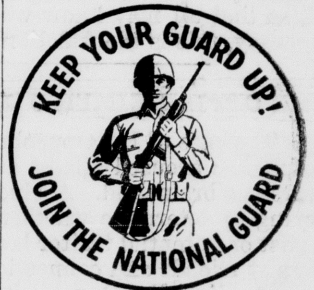

AT THE state convention of Theta Rho Girls Clubs in Long Beach during Easter week, Virginia Lammi of Newark was appointed left supporter to the new president of the Theta Rho Assembly, Miss Roberta Haynes of El Monte, Calif.

Virginia Lammi and her fellow delegates, Shirley Emmett, Marian Hempel and Janice Barks, enjoyed their southern California visit and among other things watched a TV program being staged at the Wilton Hotel in Long Beach. The young ladies were accompanied by Mrs. Monford Krueger and Mrs. E. H. Lammi.

CONGRATULATIONS also to the many fathers who took their sons to the fourth annual father and son's night at the Oakland ball park. There were a whole flock of Cub Scouts in the group from Newark.

CONGRATULATIONS to ME-3 Donald Martin and his bride of one year, Helen, as they celebrated their first wedding anniversary by mental telepathy a few thousand miles apart. Don is aboard the U. S. Nereus at Pearl Harbor and Helen is home in Newark.

COMING UP May 8, according to an announcement by Gary Armstrong, Cubmaster, will be a "bakery sale" (cakes, pies, cookies) at Sears & Roebuck which will be put on by the den mothers. They need money. By the way the Cub Scout Committee will meet with the den mothers on the second Thursday of each month at 7:30 p. m. at the school. The Cub Pack will meet tomorrow night at the school and the schedule calls for Den 6 to perform the opening ceremonies, hosts will be Den 4, skits will be put on by Den 3 and 5 and Den 2 will do the closing ceremony. A film will be shown. The Cub Scouts who have earned badges during the month will receive them in a special ceremony.

FULL REPORTS—WHY?

The question is sometimes asked why this newspaper gives heavy coverage to the doings of chambers of commerce in Washington Township, and why it reports fully the issues discussed before such bodies, even to quoting some folks who might prefer not to be mentioned by name.

The answers should be obvious to those familiar with good newspaper policy, and to those who are awake to the rapid and far-reaching changes now taking place in our township.

Some folks argue that no chamber of commerce can represent more than a few businessmen. The fact is, that in Washington Township, which has no incorporated city, the chambers provide practically the only means of expression even of semi-official nature.

There are no town councilmen or officials to speak for the people. Therefore, whether or not the chambers represent the feelings of the majority, the fact remains that they represent the only people willing to take leadership. As such, they are to us more than mere groups of merchants, and until some better form of representation is developed here, we will continue to print their proceedings. (Advice to those who don't agree: Join your town chamber and make your voice heard, too.)

Having made this statement, the natural follow-through is that if the chambers of commerce are the towns' voice, their proceedings deserve to be reported fully. Anyone who speaks his mind there should do so with the courage of his convictions. He should not be ashamed that what he has to say will be reported.

If the speaker's words before the chamber cause it to act on a matter of public interest, this affects the fortunes and destinies of his neighbors. Then isn't it doubly important that his words should be recorded, so that all may know where he stands? In a democracy, this is the function of a free press.

THE OPPENHEIMER CASE

The case of Dr. Oppenheimer, daddy of the atom bomb, has aroused almost as much uneasiness as his fearsome brainchild. A blue-ribbon security board is trying to determine whether the brilliant scientist is a past or potential traitor because of his alleged Communist friends and connections 14 or 15 years ago.

Reading Dr. Oppenheimer's frank and open account of his flirtation with the pinko fringe, we wonder how deeply into anyone's past probers can fairly probe, even though that "anyone" is in the key position the doctor has occupied. Remember, Americans—and especially dedicated scientists—were far less sophisticated politically in the thirties than they are today. The conflict in those days seemed to be between the ruthless Nazis and the more humanitarian disciples of Lenin. This was before the true nature of the Communist conspiracy was exposed. Communists were against Nazism, and many intellectuals believed the plausible maxim: "The enemy of my enemy is my friend," not realizing that the "friendly" enemy could face two ways if he chose.

In reviewing Dr. Oppenheimer's loyalty, probers ought to be guided by what he has done for the nation in the past 15 years, not who he played bridge with in 1938. He is accused by some of opposing the hydrogen bomb. But let us remember that Dr. Oppenheimer is not a soldier or statesman with global strategy to concern him. Having seen the horror wreaked by his creation at Hiroshima, is it not possible that his soul sincerely revolted against piling another horror on mankind?

POLIO TESTS—AN OPPORTUNITY

This week, first, second and third graders in most township schools will bring notes to their parents asking that they be allowed to take part in polio vaccination tests.

The tests, involving a vaccine developed in Pennsylvania by Dr. Jonas Salk, are being conducted on a nationwide scale. Scientists and parents alike are buoyed by the hope that they may at last prove the answer to the crippling, polio, just as cowpox vaccine proved the answer to smallpox more than a century ago.

The vaccine has been pronounced safe by such authorities as the National Association of Infantile Paralysis (which is sponsoring the tests) and locally by the Alameda County Medical Association. Only in the south end of our county will California's test vaccine be given this year. The county health director, Dr. James Malcolm, terms this "an opportunity and a privilege" for parents and children; the injections may keep polio from many local doorsteps this fall.

To make the tests worthwhile, many thousand children must take part. Parents should realize these facts and co-operate, by signing the permission slips their youngsters will bring home in the next few days.

SUZY
SEZ...

If you are making rag dolls, try dipping them in a stiff starch solution before stuffing, and they'll stay clean longer.

Now that the shouting has died down (mostly it was whoops of laughter), I can tell you about the petition circulated in Niles. It went around for quite a while before the folks found out that what they had thought was a nursery school being opened in their midst was really one family, with seven children.

Visiting a township doctor last week, I saw his medical supplies, and in front of everything was a quart thermos of coffee. He takes his coffee break without setting foot out of the office.

One of my pet peeves concerns the women well past 40 who end every conversation with the words "Bye-bye." It sounds very infantile.

Remember, the man who talks the most may have the least to say.

One place that badly needs a stop sign in Newark is the corner of Rich and Sycamore streets, where cars come to screaming stops day after day.

Since she owns the only telephone in the neighborhood, an Irvington woman was losing a fortune until she installed an egg-timer and a bank above the instrument.

An article in a current magazine should be read by every parent. It tells of the dangers in allowing those bloody so-called crime comics into the hands of our children. Very thought-provoking.

A Niles woman stores her salad lettuce and other greens in those large plastic air-tight jars, and they stay crisp for days longer.

The only person qualified to write a child care book would be a mother of 12, and she wouldn't have the time!

Last week in a township furniture store I saw a woman purchasing a chair for her husband's birthday. Poor fellow, she picked one with ruffles, and just her size, so he'll have to continue to use his old one.

Some of the home advertisements are very misleading, especially those that say "no down payment," but then it turns out the down payment is well over \$1000. Sign painters, get busy!

They keep telling me that "good country butter" is in certain foods, so what does that make margarine, city butter?

A visitor at a township home was helping out his daughter by doing some laundry when she was gone. She returned to discover he'd used a whole 24-ounce box of the non-sudsing detergent in an attempt to get a soapy wash water.

I fail to see the humor in the TV comedy that shows a husband saying he won't do something, and the next scene shows him doing it. What's new about that?

DECOTO SCHOOLS GET MORE AID FROM STATE

Almost \$300,000 in state funds was made available last week for a major addition to Barnard School in Decoto.

Dr. Harold Schoenfeld, Decoto school superintendent, reported that \$298,147 was authorized for the project by the State Allocations Board in Sacramento.

The money will be used to construct additions consisting of five classrooms, library, shop, homemaking department, music room, physical education office and a kitchen and multi-purpose room.

An allocation of \$38,287 was granted by the state board three weeks ago for an addition to Hillview Crest School.

Voters of the district approved a \$230,000 bond issue and acceptance of up to \$1,500,000 in state loans at a special election last January.

When cars are parked four or five deep there, it is almost impossible to make the turn from Highway 9 to Decoto road. Parking lot needed!

Only two more days of Public School Week, so why not visit your child's class? You'll be very welcome.

Sewing can be much easier if you get your scissors sharpened.

"Somewhere," says a Newark mother (and I agree), "is a mountain of odd socks, stray safety and bobbin pins I've lost." I'll have to add buttons to her list.

So long . . .

WUHS Open House Set for Monday

National Public Schools Week is being observed this week at Washington Union High School Monday through Friday, but an open house is to be held on May 3 from 7 to 10 p. m.

The delayed date has been set to afford parents an opportunity to visit the elementary schools of the district this week, said J. V. Gould, district superintendent.

Four high school counselors, Mrs. Leola Hyde, Miss Gay Knoles, Miss Lois Nicholson and Judson Taylor, will be available for conferences with parents on May 3.

JACL Picnic Set for Next Saturday

Co-chairmen Sam Yamanaka and Set Sekigahama remind that the southern Alameda County JACL community picnic will be held at Frances Beach in Half Moon Bay on Saturday, May 1.

The caravan will meet at Sekigahama's home on Thornton avenue, Centerville, at 9 a. m.

Everyone is to bring his own lunch. There will be plenty of activity for the whole family—fishing and games for all age categories.

A barbecue will be held at the climax of the picnic.

The following have been named to assist on the picnic committee: Chuck Shikano, Sets Umamoto and Sumi Kato.

'FAIREST OF FAIR' TO BE SELECTED

Selection of "Miss Alameda County Fair" will be an added feature of the county exposition billed in Pleasanton June 21, through July 4, Harry Shackleton, president of the fair board, announced today.

The project will be undertaken by the Associated Chambers of Commerce of Alameda County and will be under direction of Frank M. King, manager of the San Leandro Chamber of Commerce, and Wray L. Bergstrom, fair manager, Shackleton said.

Every community in Alameda County will be invited to hold its own elimination contest and send its winner to the finals at Pleasanton on July 4.

The beauty selected "Miss Alameda County Fair" will represent the county at the California State Fair "Maid of California" contest Aug. 29 in Governor's Hall in Sacramento.

Qualifications for contestants as outlined by King and Bergstrom, and which also coincide with the State Fair's rules are:

"Contestants must be between the ages of 16, on or
